

FOR SUCH  
A TIME  
AS THIS

*Comprehensive  
Building Plan*

*Dauphin Way Baptist Church*

## From Our Pastor

# Our 2010 Committee

*“The 2010 Committee will prayerfully seek God’s direction regarding the future expansion of ministry at Dauphin Way Baptist Church and consider needed education, fellowship, and television ministry expansion or enhancements based on immediate need and future growth.”*

The church is healthy, God is moving and the time to act has come. For sixteen months the 2010 committee has been meeting and praying together seeking a way to honor God and fulfill His long standing vision for Dauphin Way.

Over 100 years ago God raised up Dauphin Way to be a moving force for His Kingdom in the city of Mobile. That original vision has driven this church for decades. In 1988 God brought Dauphin Way out to the interstate to stand as a beckoning witness for the cause of Christ. God has provided us with a marvelous sanctuary to worship in and for this I am eternally grateful. The time has come for us to take the next step. In order for us to meet the current need of our fellowship and reach the families of this region we must expand our facilities. While our sanctuary space is marvelous, our fellowship space is woefully inadequate and our recreation space is non-existent.

I, along with the committee, believe the Comprehensive Plan paves the way for a dynamic and “God-sized” future, which includes reaching lost families with the power of the Gospel. This future will include facilities and space to meet the needs of all generations already present and future families the Lord adds to our number. The good hand of our God is upon us and He has brought us through and raised us up “for such a time as this”.

I believe unwaveringly in the plan your committee has developed and look forward with optimism and enthusiasm to presenting it to you. I love Dauphin Way and I am committed to leading this church into the next God sized adventure for our Lord’s Kingdom. If God be for us who or what can stand against us?

*– Clint Pressley –*

In January 2006 the 2010 Committee was formed and charged to report back to the church on its above mission. At our first meeting our Pastor asked the committee to be in prayer daily for our committee to have unity, clarity, wisdom and vision and for the church to have unity, positive response, provision for resources and faith. Since that time the committee has worked prayerfully and diligently to seek God’s will as we have moved forward each step of the way. Our journey over the past sixteen months has been remarkable and we want to thank you for your prayers and encouragement. It has been a great joy for us working together to serve our Lord and our church family. Our committee is ready now with unity, clarity, God’s wisdom and vision to make a recommendation to the church to approve the “Comprehensive Plan” that has been developed by the architectural firm, TurnerBatson. We believe that this plan will provide for the necessary expansion in facilities for the growing ministries of Dauphin Way Baptist Church. We remain confident and excited about what the Lord has in store for us as we move forward with this new Comprehensive Plan for facilities and ministry expansion. We look forward to sharing this exciting vision with you.
